

Justice Reinvestment in Jefferson County

Since 2013, Oregon has consistently supported public safety policies that flatline corrections growth, invest in communities, expand survivor services, and are in line with our values:

- Keep families together
- Invest in survivors' healing
- Expand local and community based services
- Promote equity
- Safely reduce prison use

For Oregon's 2019-21 biennium, all 36 counties were invited to apply for funding to support programs that reduce recidivism and decrease prison use while ensuring accountability and public safety.

Most counties are on track to succeed in achieving these goals. Those that were not received provisional, one-year grants.

For 2019-2020, Jefferson County received a provisional grant of \$184,701 for:*

ACCOUNTABILITY such as supervision and local sanctions, risk assessments, and evidence-based tools used to develop appropriate plans for public safety.

TREATMENT programs that can include addiction, mental health, and cognitive behavior treatment, including treatment in jail.

10% FOR VICTIM SERVICES for crime survivors, including domestic and sexual violence and for children who have been abused or neglected.

FAMILY SUPPORT AND SKILL BUILDING, which can include employment assistance, education, parenting classes, and mentoring.

* Programs reflect the 2017-2019 biennium.

What Elected Officials Can Do

Justice Reinvestment is an important shift in how Oregon creates greater public safety. It's the smart approach, but it will take time, commitment, and leadership to get right.

Legislators play an important role in Justice Reinvestment's success. You can:
