

Justice Reinvestment in Lane County

Since 2013, Oregon has consistently supported public safety policies that flatline corrections growth, invest in communities, expand survivor services, and are in line with our values:

- Keep families together
- Invest in survivors' healing
- Expand local and community based services
- Promote equity
- Safely reduce prison use

For 2019-21, Lane County received grants of **\$3,842,597** and **\$624,050** to ensure accountability and public safety, reduce recidivism, and decrease prison use through:*

TREATMENT programs that can include addiction, mental health, and cognitive behavior treatment, including treatment in jail.

10% FOR VICTIM SERVICES for crime survivors, including domestic and sexual violence and for children who have been abused or neglected.
